Fishing is more than just a hobby or a sport. For those who know this to be true, there’s Frabill. Designed to outfit and equip determined anglers with comprehensive bait management systems and premium landing nets, it’s the brand to depend on when pushing the limits.

An item marked as “tested” meets the following requirements:

• It has a functional application for saltwater and freshwater fishing
• It has material elements that are conducive to use in saltwater
AERATION AND BAIT CARE

It all begins with better bait. Frabill offers an expanded line of bait management systems to ensure your presentation is active and attractive to the species you’re pursuing. Complete with containers, aerators, hand tools and accessories, you’ll find everything you need to pull in the bruisers.
The new Frabill Magnum Bait Station® provides so much more than transportation. With an injection-molded base, commercial grade foam insulation and an integrated aerator, it creates the perfect internal environment to keep bait healthy — regardless of the weather.

Proud to be the nation’s leader in high-performance fishing nets, Frabill offers over 150 specialized net designs and styles. With numerous handles, hoops and netting options, there’s something for every angler to bring in every species. Welcome to the land of opportunity.
CRANKBAIT NETS

FISH AND FISHERMAN FRIENDLY
Frabill’s conservation series of crankbait nets features innovative designs that protect fish from injuries and fishermen from frustration. The proprietary knotless mesh has been double-dipped in a durable vinyl coating to keep multi-hook lures from tangling, while the flat-bottom design protects fish gills from damage. Bottom line: you won’t find a better crankbait net, period.

### Conservation Series Nets

Protecting our sport starts with protecting our targets. Conservation Series nets are designed with safe catch and release in mind. All nets feature 100% knotless mesh netting – eliminating injuries commonly caused by sharp knots. Flat, linear bottoms reduce fish rolling and support the weight of the entire fish; tangle-free coating prevents hooks from entangling in the net; meshguard hoops resist wear and greatly extend the life of the net. Conservation Series nets also come in species-specific designs to simplify the net selection process.

#### Choose from Two Strong, Lightweight V-Handle Designs:

- **CAM-LOK™** (telescoping) handle with extreme extrusion reinforcement
- **Ergonomically designed, reinforced handle**

#### POW’R Lok

- **Patented design allows handle to slide through for convenient storage**
- **Corrosion-proof yoke with stainless steel hardware**
- **Bolt-through, heavy-duty, stainless steel hardware for big game fish in both fresh and saltwater**

#### Meshguard Hoop

- **Protects netting and extends life of net**
- **Matte black finish for “net shy” fish**

#### Flat/Linear Bottom Design

- **Special coating prevents hooks from snagging in nets**

### Netting Options

- **Knotless Crankbait Netting**
  - Reduces damage to fins, scales and slime coat
  - Special coating prevents hooks from snagging in nets

### Flat/Linear Bottom Design

- **16” deep, flat-bottom net basket**
- **CAM-LOK™ reinforced handles (1” diameter)**
- **Ideal for bass, walleye, speckled trout, redfish**
- **Meshguard hoop shape**

POWER CATCH® NETS

Power Catch® landing nets are the strongest landing nets manufactured in the United States, and the only landing nets backed by a Limited Lifetime Warranty on the patented Pow’r Lok™ Yoke System and exclusive “Brute Hoop.”

Brute Hoop unique hexagonal profile reduces drag in the water. Internal “Dual I-Beam” extrusion spans the entire length of the hoop, adding extra backbone for unmatched strength.

Power Catch nets are available in tangle-free weighted nylon or tangle-free knotless netting. The special coating on Frabill’s tangle-free nets prevents hook snags, and our knotless netting helps eliminate fish injuries.

PRO-FORMANCE NETS

Pro-Formance landing nets are available with a wide variety of net options from heavy-duty poly and tangle-free weighted nylon to knotless and tangle-free knotless. The special coating on Frabill’s tangle-free nets prevents hook snags, and our knotless netting helps eliminate fish injuries.

Feature to feature, Pro-Formance landing nets may well be the best value landing nets in the industry.

Features Include:
• 1 ¼” tubular anodized aluminum handle
• Strong ⅝” anodized aluminum hoops
• Stainless steel hardware
• Tangle-free netting

Though also American made with a Limited Lifetime Warranty, Pro-Formance nets are designed for extreme conditions. The flat bottom design supports large fish, and the smaller hoop minimizes drag in the water.
